

UNIVERSITY OF ST MARK & ST JOHN

CURRENT EXTERNAL EXAMINERS (AS OF 16/02/17)

This list has been posted in accordance with Chapter B7, Indicator 8 of the UK Quality Code for Higher Education which states that 'institutions include the name, position and institution of their external examiners in module or programme information provided to students'. As an alternative to embedding this information in every module descriptor and/or programme specification, the University's Academic Quality and Standards Committee has decided to make it available to students via LearningSpace.

This list will be updated when the annual roster of External Examiners is complete, and when additional vacancies that arise on an exceptional basis are filled. The institutions given are those at the time of appointment unless indicated otherwise.

Students are reminded (as per Section 13.17.4 of the Student Regulations Framework 2016-17) that the University regards any unauthorised contact by students with an External Examiner as gross misconduct, the possible penalties for which include expulsion.
