

Production practise/Ear training

In pairs, practise saying each of the words listed in Set 1 below. When you are confident you can clearly distinguish them, randomise the list (eg 5th word first, 2nd word second, 1st word third etc) and say each one in turn (in the order you have decided) for your partner to transcribe. Swap roles and repeat the exercise. When you have finished Set 1, do the same again for Set 2.
